ELIS FSEIS - Executive Summary EPA RESPONSE (FOR REVIEW BY EPA!) (01Nov16).docx

Hi B.

All set here but I do have comments.

You have everything you need now.. I will start reviewing the already edited docs has discussed.

Thanks, Jeannie. I will be in touch with Qs on the FSEIS chapter, as needed.

Feel free to cross-check the RTC some more, after addressing the flags. Also feel free to doublecheck the text in RTC Section 3 again, as I did not have a chance to read the final version that you sent Monday.

Yes, the goal is to reserve FRI for final mopping to be 100.00% done in the afternoon.

Bernward

Thanks Bernward,

Sounds good, we would have to make sure we use the mop in the morning on Friday
.....because we will not be able to make changes once the Rule is signed by our Admin...

However, I am available today to help you.

If you want me to look over a document again or check on something or search and replace etc..
please let me know.

thanks

Hi Jeannie,

Good. Thanks. You will have the RTC done tonight. I work on the remaining docs tomorrow. Ken and Jim will do QA on THU. My goal is to have docs to you by THU night. Any mop-items that we need to discuss would occur on FRI, if needed.

Have a good evening,

B.

HI B, you have everything now.

I uploaded all files to sharepoint gut also sent via email.

I accepted your recommendation on Appendix I (thank you). I did highlight some things.

Here is a sheet I have been putting together about what to look for in each chapter.

Ex. 5 - Deliberative Process

I am not available tonight but back at it in the morning at 7am.

Our plan is to have the rule signed this Friday (as discussed earlier).

thanks
